COAT OF ARMS

The coat of arms first designed by Fr. A. Neut underwent a few modifications over the years. The top red half contains the monogram of the Society of Jesus, the three Greek letters iota, eta and sigma which form the first letters of the name of Jesus in Greek capitals IHS. The cross over the eta and the three nails are also from the monogram and symbolizes the manner of Christ's death. The lower blue half contains the outline of white snow mountains. Diagonally across the centre is the white bar with the motto – SURSUM CORDA which means “Lift up your hearts”. The scroll around the batten of the escutcheon contains the name and location of the college.

College Song

SURSUM CORDA

Blue blue mountains rare
White white peaks so fair
Sing Sursum Corda
Say Sursum Corda again
I have found a home
In St. Joseph's
I have found a home.

Where I share and shed my fears
I have found a home
In St. Joseph's
Where I learnt to dream and dare.

I cherish St. Joseph's
For here I learnt to dream
A dream never dreamt before
St. Joseph's I care
Sursum corda
Abide with me as a lifelong prayer.

PERSONAL PRAYER

O God, who is Truth and the Origin of all knowledge, whom to know is to be happy, bless our studies which we consecrate to you. Enlighten our minds, strengthen our memories and direct our will towards the light, to what is right. Grant us to seek Truth always and be good to everyone whom we meet on the path of our life, today and always.

Our Father

Our Father who art in Heaven, Hallowed be Thy name. Thy kingdom come. Thy will be done on earth as it is in Heaven. Give us this day our daily bread. Forgive us our trespasses, as we forgive those who trespass against us. And lead us not into temptation. But deliver us from evil. Amen

Prayer of St Ignatius

Teach us, Lord
To serve you as you deserve
To give and not to count the cost
To fight and not to heed the wounds
To toil and not to seek for rest
To labour and not to ask for any reward
Save that of knowing that
We do your holy will, Amen.

A BRIEF HISTORY OF THE COLLEGE

The College Section began as a part of St Joseph's School, which started its journey in 1888. In 1927, the College Section (offering basically the Intermediate Course) was affiliated to the Calcutta University. By 1949, the College was fully accredited to give courses in B.A. and B.Sc. Later, with the establishment of the University of North Bengal in 1962, the College was affiliated to it. The College moved out of the school premises into the present site in 1963. The College is now in the 88th year of its service.

In 1927, there were only four students in our College! Today the student strength is seventeen hundred and forty one of which nearly 46% are girls. There are fifty permanent teaching staff of whom twenty eight are Ph. D. holders, three have M. Phil degrees and two are on the way to getting their doctorate. The ten technical staff and seventeen administrative staff wholeheartedly support various departments and requirements of the students.

St Joseph's College is a Catholic Minority co-educational degree and Post-Graduate College managed by the Darjeeling Jesuits of North Bengal through St Joseph's North Point College Educational Trust. The Jesuit Fathers are members of the Society of Jesus, a Christian Religious Order founded by St Ignatius of Loyola in 1540. Since its origin the Society of Jesus has been active in the field of education throughout the world.

The college aims at contributing to a radical transformation of the present day society so that the principles of social justice, equal opportunities to all, genuine freedom, respect for religious, moral and cultural values may prevail. It aims at creating a more humane society. We expect our students to become effective and efficient men and women, not only for their own progress and prosperity but also for the transformation of the society they live in. Thus, they are expected to become agents of change and progress in their own communities.

THE JESUITS -WHO ARE THEY?

On May 20th, 1521, a cannon ball shattered a leg, changed a life and brought to birth a religious order whose influence is still felt among us. St Ignatius of Loyola, a Basque from the northwest region of Spain, was wounded in a border skirmish as he tried to defend Pamplona against the French invasion. He was about thirty at the time. As a young man, he was given over to the follies of the world and had great and foolish desire for fame. May 20th, 1521, may rightly be termed as the turning point in his life. This historic event completely changed his life. Thereafter, St. Ignatius referred to himself as the pilgrim. It was an apt description of the man who wandered in search of God's glory. The pilgrim's journey took off from the battlefield of Pamplona to the feet of the Pope in Rome. It transformed him from a solitary pilgrim to a contemplative in action. It turned the noble knight into a soldier of Jesus Christ. The thirst for human glory gave way to the "Greater Glory of God". He gradually rallied round him like-minded persons. They agreed to set up a company of friends in Jesus Christ, and St Ignatius was given the task of putting together

the proposal for a “new” order, which was presented and approved by Pope Paul III in 1540. Members of this Religious order are called Jesuits. At present, there are 18,226 Jesuits all over the world, of whom about 3,881 are in 17 Provinces of India.

THE CHARACTERISTICS OF JESUIT EDUCATION

Jesuit Education derives its inspiration from St. Ignatius, the educator. For St Ignatius, the education of students was a means to help them make spiritual progress. Once imbued with the doctrine and spirit of God, he hoped that they would act as leaven in their social set-up. This called for strong intellectual formation. He did not pioneer any new system, but took the best elements in the educational system of his time, catholicized them and organized them into an instrument fit to achieve his purpose. A Jesuit educational institution is not merely a place for transmission of knowledge, but also a space for fresh application of old truths to new situations. The goal of all branches of learning is to be able to reason deeply. The training is intended to enable a student to reason carefully and to have a scientifically well grounded Catholic outlook on life so that he/she could contribute intelligently and scientifically to the welfare of the society. Mental discipline is to be the natural outcome of the learning process and students have to study in order to acquire thoughts which would stimulate in them lofty ideals. The approach is vocation oriented as it offers subjects that help people earn a livelihood and at the same time help them to live a good life.

Therefore Jesuit Education

1. Is world affirming. It assists in the total formation of each individual within the human community. It includes religious dimension that permeates the entire education. It promotes dialogue between faith and culture.
2. Insists on individual care and concern for each person, emphasizes activity on the part of the students and encourages life-long openness to growth.
3. Is value oriented. It encourages a realistic knowledge, love and acceptance of self and provides a realistic knowledge of the world in which we live.
4. Is preparation for active life commitment. It serves the faith that does justice, seeks to form men and women for others and manifests a strong concern for the poor.
5. Pursues excellence in its work of formation and bears witness to excellence.
6. Stresses lay-Jesuit collaboration. It relies on a spirit of community among Teaching Staff and Administrators, the Jesuit Community, Governing Body, former students and benefactors.
7. Adapts means and methods in order to achieve its purpose most effectively

St Joseph

(Patron Saint of St Joseph's College)

In the Gospel of St Mathew, Jesus returns to his hometown and taught the people in their synagogue. The people were amazed and said, Isn't he the carpenter's son? (13:55). Jesus is the son of God born of the Virgin Mary by the power of God's own spirit. Joseph was chosen by God to be the foster-father of Jesus and the spouse of the Virgin Mary. Joseph took loving care of Mary and gladly dedicated himself to Jesus Christ's upbringing. We also know that he came from the royal lineage of King David. Thus, St Joseph appears as a strong and courageous man, a working man, yet in his heart we see great tenderness, which is not the virtue of the weak, but rather a sign of strength of spirit and a capacity for concern, for compassion, for genuine openness to others for love. Like him, we must lift our heart to protect all of God's people and embrace with tender affection the whole of humanity, especially the poorest, the weakest, and the least important.

Our life is made of time and time is God's gift, and it is therefore important to make use of it by performing good and fruitful actions. Perhaps many teenagers and young people waste too much time in

futile activities: chatting on the Internet or on mobile phones, watching ‘soap operas’ on TV, technological progress that should simplify and improve the quality of life, but sometimes distract you from what is really important. Among the many things to do in our daily routine, one of the priorities should be reminding ourselves of our Creator who allows us to live, who loves us, who accompanies us on our journey. The greatest of all miracles is that we need not be tomorrow what we are today, but we can improve if we make use of the potential implanted in us by God. Rabbi Samuel M. Silver

St. Joseph's Chorus

Hurrah! Hurrah! Hurrah!
 Hurrah to the home in the mountains
 Hurrah for the monarchs of the snow
 For the land of the forest and fountains
 And the torrents that ever flow.

Chorus: Toil up for the valleys below
 Lift your heart to the breeze and the glow
 And our home on the hill
 Here's a cheer for it still.

As onward through life we go
 From the sweltering South and the islands
 From the plains where the hot winds blow
 We have met in the heart of the high lands.

At fair India's gates of snow
 Here's a hand to a faltering brother
 Here's a lift for the lame and the slow
 And we'll stand friends like friends to each other
 As onwards through life we go.
