

Departmental Report: 2023-2024

Department of Mathematics

Administrative Responsibilities: The faculties and the students of the department have been taking part actively in different administrative works. Administrative responsibilities of faculties of the department are as follows:

- Dr. Rupesh Tiwari: Vice-Principal(Administrative), Leave Rule Committee and Academic Calendar Committee (Coordinator).
- Dr. Anupam Mukherjee: Academic Calendar Committee and Leave Rule Committee (Coordinator)
- Dr. Chiranjilal Kujur: HOD, Admission Committee, AICUF Co-ordinator and Leave Rule Committee.
- Ms Kalyani Sharma: Departmental Library Incharge
- Class Representatives: The class representatives of the department: Preza Thapa and Amrit Thapa in Third Year. Diya Chettri with Ujjawal Tamang for Second year.

Academic Activities: As usual, first semester students having honors in Mathematics are welcomed through an orientation cum induction program. In the program, the Rules and Regulations of the college and department as well as various aspects of Mathematics(Hons.) are explained to the students in presence of their guardians.

The teaching learning process of the department went off normally in offline mode. Continuous evaluation of the students was also conducted as per the central schedule provided by the college.

The examinations also went off smoothly.

The results of the students in all semesters left room for introspection. An all round exercise to find the cause of the below average performance was conducted with all students being asked to fill in a questionnaire regarding their performance in the examinations. The answers were discussed in following departmental meetings and steps to be taken were identified and implemented.

Enrichment Matters of the Department:

Just like earlier years, the department this year too received some books on different topics of international standard by courtesy of the **National Board of Higher Mathematics (NBHM)**.

On behalf of the Department of Mathematics
