

DEPARTMENT OF BOTANY REPORT 2021- 2022

The half of this academic session (June-November, 2021) experienced pandemic induced lockdown. Therefore, online mode of teaching and learning for all the academic activities using various audio-visual platforms such as ZOOM, Google Meet etc. as well as learning management systems like Google Classroom, Whatsapp etc. have been encouraged to support students' learning in all possible manners during this pandemic situation. Students were encouraged to deliver online powerpoint presentation and speeches on specific topics of the curriculum during this session. Post covid off line mode of education resumed after November.

Result of the Department:

The result of 2nd 4th and 6th semester students was appreciable. Overall sixty percent of the students from all the semester secured first division.

Field trip

Field trip to Jaldapara National Park, West Bengal: : Students of 6th semester participated in a 3 days field trip to Jaldapara National Park from 5th to 7th May, 2022, under the guidance of Dr. Upakar Rai and Dr. Anirudra Gurung. Total of thirty two students participated during the trip. Students visited the Vulture Breeding Centre at RajaBhatkhawa and Buxar Fort. They also got an opportunity to explore the Jungle Safari at Madharihat.

Co-curricular and extra-curricular activities:

International Women's day was celebrated on 8th March, 2022 in the department. Many of the students participated in the program and delivered the commendable views on the theme "Break The Bias forged by millions worldwide in the department along with poster presentation in the department.

Many of the 6th semester female students from the department participated in the peer educators workshop (in-person) Darjeeling entitled "Sustainable Mnestrual Health and Hygiene" held during 16th -17th May, 2022 in GDNS Conference Hall Darjeeling.
