

Departmental Report: 2021-22

Department of Mathematics

The session began like last year in online mode. The department conducted its orientation programme for the fresh batch in online mode. However, we did finally begin offline classes from 17th November, 2021. I would like to place on record my appreciation for the way in which all the students conducted themselves during the online classes and also the meticulous way in which all teachers and students followed the Co-Vid protocols in the offline classes.

The hard work of our department paid off as all our students performed wonderfully well in the 2nd and 4th as well as 1st, 3rd and 5th semester end examinations conducted by the university in December 2021 and June 2022 respectively.

The pandemic curtailed almost all the activities of the department.

Administrative Responsibilities: The faculties and the students of the department have been taking part actively in different administrative works through online mode. Administrative responsibilities of faculties of the department are as follows:

- Dr. Rupesh Tiwari: HOD, A member of Research Cell, Anti-ragging Committee, Admission Committee and Academic Calendar Committee (Joint Coordinator).
- Dr. Anupam Mukherjee: A member of IQAC, Research Cell, Leave Rule Committee (Joint Coordinator) and Library Committee.
- Dr. Chiranjilal Kujur: Admission Committee (Joint Coordinator), Anti-Ragging Committee (Coordinator), Planning Board and A.I.C.U.F. & Language Labs.
- Class Representatives: The class representatives of the department are: Sangay Doma Lam and Amrit Thapa for first year, Nrivika Pradhan and Jhonny Thapa for second year, Aarti Mukhia and Jeswin Cherian for third year

Academic Activities: The department welcomed a new batch of students under CBCS system . As usual, first semester students having honors in Mathematics are welcomed through an orientation cum induction program held in online mode. In the program, the Rules and Regulations of the college and department as well as various aspects of Mathematics(Hons.) are explained to the students in presence of their guardians.

Due to the prevailing circumstances all the semester examinations were conducted in online/offline mode for the first time. I take this opportunity to congratulate all stakeholders in the process for successful completion of the process.

Co-curricular Activities:

All activities curtailed due to prevailing situation.

On behalf of the Department of Mathematics

Dr.Rupesh Tiwari
Head of the Department
