- Class Representatives: The Class Representatives are Diya Chhetri and Shahil Adhikari in third year, Rabden Lepcha and Janavi Kharka for second year, Sneha Chettri and Abhigyan Mohit Rai for the first year.

Academic Activities:

The first year Mathematics Honours students were welcomed with departmental orientation and induction program. They were told about the college rules and regulations and the departmental rules as well. They were encouraged to study well to do well in exams.

The teaching learning process went off well. The examinations went smoothly. The result of the students from all semester left room for introspection. Overall the result of the fifth semester was pretty good with three students getting their CGPA above 7 points.

New Faculty: Dr. Priyam Chakraborty a dynamic young man joined the department on 13/9/24.

Paper presentation:

Three of our students Siddharth Rai, Diya Chhetri and Priya Rai presented a joint paper titled, “**Mathematical Epidemiology**” in the seminar, **Emerging Trends in Science: Challenges and Opportunities** organized by the Department of Chemistry on 8/4/25. In the same seminar Dr. Priyam Chakraborty also presented a paper titled, “*Generation of self-similarity in metric space*”.

Award: Ayush Rai of sixth semester won second prize in **Open Mike Competition** in the college which was organized by ACCORD Club on 22/3/25.
