

WORLD DAY AGAINST TRAFFICKING IN PERSON.

VENUE: CHOWRASTA.

TIME: 10:00 am

DATE: 30th July 2022.

On the 30th of July, the Youth Against Trafficking club of St. Joseph's College along with various other schools and colleges were invited by Darjeeling based NGO MARG to attend a rally to observe World Day Against Trafficking In Person as a way to raise awareness regarding the ordeals through which a trafficked victim faces. The main theme as per the UNO was the use and abuse of technology.

The participants started gathering in Chowrasta from 9:40 onwards and, an umbrella with the motif 'world day against trafficking in persons' were handed out to each of the students and other participating persons. Before the commencement of the rally, Mr. Nirnay John gave us an insight of why this day was observed around the world. A few news channels did a brief interview after which the students started the rally and marched towards the District Magistrate Office. The crowd walked through the busy streets of Nehru Road, Chauk Bazaar and finally ending the peaceful rally at the DM office.

After reaching the place of destination Sir Nirnay John felicitated the A. DM with the NGO's signature t-shirt and the umbrellla that the peace walkers used during the rally. The a.dm shared a few words with us about how these type of awareness programmes was a stepping stone for a better society and congratulated all the participants of the event.

Shortly after the crowd was dismissed, we were provided with a packet lunch prepared for us by the organisers of the event.
