

## INTER TEAM PRESENTATION COMPETITION

11 NOVEMBER, 2021

ST. JOSEPH'S COLLEGE,

DARJEELING.

### SUMMARY

On November 11th, TEAM Phonon from the SCIENCE AND RESEARCH CLUB held an Inter Team Presentation Competition in St. Joseph's College Darjeeling. During this event approximately 50 people were in attendance including our Respected Fr. Principal Donatus Kujur (chief guest), judges including Mrs Antara Sharma (HOD, Chemistry Department) and Mr. Vikram Rai (HOD, Mass Communication and Journalism) and the coordinator of the club Mr. Debarghaya Goswami attended the event.

During the event, the participants from each team had the opportunity to choose among various topics for presentation. Each team had three speakers. Questions were addressed to the speakers by the judges as well as the audience. The event held for a time variation of about two hours. The overall winners were Team Phonon with 65 points, Team Photon as the 1st runner up with 61.6 points and Team Proton as the 2nd runner up with 57.7 points!

The main purpose of the event was to develop social skills, empathy and the outward oriented dimensions of emotional intelligence. The interaction elicited helped students build relationships, understand different perspectives and engage themselves with a sight of responsibility. The event was a resounding success, totally educational and entertaining.

THANK YOU!
