

## Felicitation Program-Celebrating Excellence|Batch 2023-2026

The Department of Computer Science & Applications (C.S.A.), St. Joseph's College proudly organized a Felicitation Programme for the outstanding students of Batch 2023–2026 during the First-Year Orientation Programme on 28<sup>th</sup> July, 2026. The event was held in the presence of the newly admitted students and their parents with the objective of inspiring the freshers through the achievements of their seniors.

The programme commenced with Mr. Jayanta Loha welcoming and garlanding the esteemed guests, Dr. Pathik Roy, Vice Principal (Academic) and Fr. Dr. Sanjiv Lakra, Director, Self-Financed Courses.

Addressing the gathering, Fr. Dr. Sanjiv Lakra congratulated the awardees on their remarkable achievements and encouraged them to continue striving for excellence. Dr. Pathik Roy delivered an inspiring address, motivating both the newly admitted students and the felicitated students to pursue academic excellence, dedication, and lifelong learning.

The following students were honoured with Khadas and College Mementos in recognition of their outstanding achievements:

- Subrath Rai (BCA) – College Topper
- Tenzing Namsay (BCA) – Second College Topper
- Aditya Raj Sharma (Computer Science) – Best All-Round Student

A special highlight of the programme was the interaction session where all three awardees shared their academic journey, experiences, study strategies, and words of encouragement with the newly admitted students and their parents. Their inspiring stories served as a source of motivation for the freshers as they begin their own academic journey at St. Joseph's College.

The Department of C.S.A. extends its heartfelt congratulations to the awardees and wishes them continued success in all their future endeavours.
