

Report on Nicco Park, Kolkata Visit

On the 2nd of April 2023, a group of 16 students and 3 faculty member from Dept of Computer Science and Application, St. Joseph's College, Darjeeling visited Nicco Park in Kolkata. The purpose of the visit was to provide an opportunity for students to learn and experience the fun and adventure of amusement parks. The visit was a part of our college extracurricular activities program.

Activities and Attractions:

Upon arrival, the students were welcomed by the staff

and given a brief introduction to the park's attractions and safety measures. The students were then free to explore the park and experience the various rides and attractions.

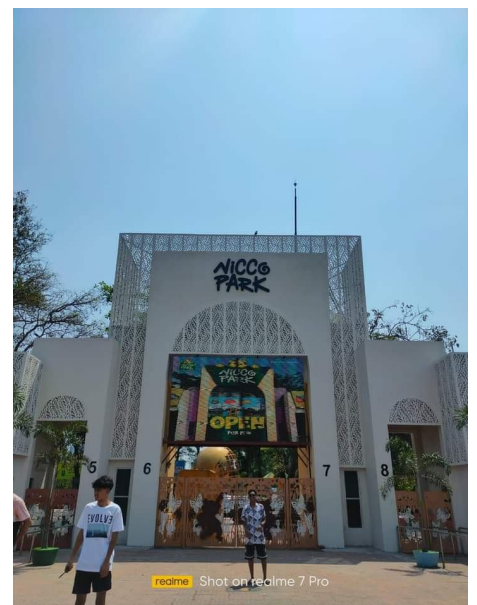

Some of the popular attractions included:

1. Cyclone - A thrilling roller coaster ride with a maximum height of 55 feet.
2. Water Chute - A water ride that provides a refreshing break from the heat.
3. Pirate Ship - A ride that swings back and forth in a pendulum motion.
4. Cable Car - A cable car that provides a bird's eye view of the entire park.

Apart from these rides, there were various other attractions such as mirror mazes, haunted houses, and several other fun-filled games and activities.

Overall Experience:

The students thoroughly enjoyed their visit to Nicco Park. The rides and attractions provided a great mix of excitement and adventure. The park's staff was courteous and helpful in ensuring the safety of the students. The students appreciated the park's cleanliness and the well-maintained attractions.

Conclusion:

The visit to Nicco Park was a great experience for the students. It not only provided a fun-filled day but also helped them in understanding the importance of safety and rules while having fun. Such visits are an essential part of a student's overall development and help in creating memorable experiences.
